Dear Sirs

COPYRIGHT – ENGLISH HANDBOOK & STUDY GUIDE; AFRIKAANS HANDBOOK & STUDY GUIDE; MATHS HANDBOOK & STUDY GUIDE; ISIZULU HANDBOOK & STUDY GUIDE; ACCOUNTING HANDBOOK & STUDY GUIDE

---

Our client Berlut Books CC is the owner of the copyright in the books “**English Handbook and Study Guide**” and “**Afrikaans Handbook and Study Guide**” and “**Maths Handbook and Study Guide**” and “**IsiZulu Handbook and Study Guide**” and “**Accounting Handbook and Study Guide**”.

These books are protected as a literary work in terms of the Copyright Act 1978.

Only our client is entitled to reproduce the work in any manner or form.

Infringement of copyright takes place when a person makes a copy of the work or a part of it without the authority of the copyright owner.

Simply distributing photocopies made by someone else of the work or part of it is also an infringement of copyright. Copyright notices clearly appear in the books.

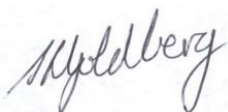

Infringement of copyright is a criminal offence. A person convicted of an offence may be liable to a fine of up to R5 000.00 or up to three years in prison, or both for each article to which the offence relates. Heavier penalties may be imposed for a second conviction.

Both the person making the photocopy and the person distributing the copies to learners (if not the same) may be guilty of the offence. The conduct of the educator may impact on the school itself and visa versa.

Our client is also entitled to apply to court for an interdict to stop the unauthorised photocopying or distribution of the copies, damages and delivery up to our client of the infringing copies.

Our client views this matter in a very serious light. Your co-operation in ensuring that these unlawful activities do not take place in your school is greatly appreciated. Please bring this to the attention of your educators, administrative staff and learners.

Yours faithfully  
Spoor & Fisher
